technique à Danford Lake**Objet: TR****Fw: Danford Lake LET -****Alleyn-et-Cawood****6212-03-112**

Mrs. Poliquin, I was reading the transcripts of the hearings last week, and realized that Mrs. Journault asked me to give the two public entrances upstream from the proposed dump, as well as the name of the camps, and groups. These two entrances are used mostly by private individuals using the Picanoc for flatwater, and some whitewater in the Spring. They are Beaudoin Road, just west of the proposed dump site, and Picanoc Road, near Otter Lake.

You may want to add this to the information that is already on site.

Madame Poliquin, Here is a list of the groups and clubs using the Picanoc River, as requested by Mrs. Journault last week.

Gracefield Camp & Conference Centre (Gracefield,
QC) 819-463-2465 contact - Alan Herbert

Radisson Expeditions - Outfitter (dog sleds, canoe trips) - Wakefield, QC - 819-459-3860 - trip organizer and owner - James Sistie

Le Camp de Base (canoe rentals) - Gatineau, QC - 819-771-2267

Ottawa Paddle Shack, canoe sales, rentals, lessons - (Ottawa, ON) (613)725-5259 -

YCCC (YMCA - Ottawa, ON) - canoe trips - Jon Andrews, Whitewater Coordinator (I currently don't have his telephone number)

(*these names were provided to me by the Gracefield Camp - I did not personally contact them. All others were researched and contacted by me)

As I stated in my question, these clubs do use the Picanoc, starting at Wayne Tanner's, which is 6 km. downstream from the proposed dump site. However, it was important to see whether LDC had looked into the users as part of their due diligence. There are many people who do the flat water section, and LDC didn't know the entrances to the Picanoc for flatwater canoeists and kayakers, and I should add, campers. Those companies who rent canoes all say that their clients mention that they are going to the Picanoc for the weekend.
