RE: Proposed Landfill for Danford Lake

To whom it may concern,

My name is Stacy Molyneaux and I was born, raised in Danford Lake and continue to live on the property I inherited from my mother and father, now with a family of my own.

I find it appalling that a TLS may be coming to my birth place without a referendum, consultation between council and rate payers, or even so much as an explanation from the Mayor on why he did not bother to explore on his own the impact garbage and truck traffic will have on his constituents.

I feel the Mayor is blinded by dollar signs. Take this statement he made for example...

Without this TLS Danford Lake will basically cease to exist as we could not afford to sustain the Municipality.

Also this statement he gave to CBC Ottawa...

"It will be a community decision"

I sit on the board of directors for the Mont O'Brien Association and we held a vote on whether or not the membership was in favor of a TLS. Of a 107 respondents, the result was 102 against, 0 for and 5 neutral. The majority of the members are rate payers in Ayllen Cawood (Danford Lake)

A petition was signed by over 3,000 people stating their opposition to the project, but this was simply ignored.

You cannot ignore the rights of people and claim we live in a democratic society at the same time. To push a project of this size into a municipality without the support of those who live there is beyond reproach and I would not want to be the person/persons doing the pushing. Remember...

"For every action, there is an equal and opposite re-action"

Please consider the families who live in the area of this proposed garbage dump before making your decision. Give them the right to choose what is best for their future.

Sincerely,

Stacy Molyneaux
Rate payer, father and resident
